LOCAL RINK WINS 13th DRAYTON VALLEY OPEN

Bill Fiveland skipped the Marshall-Wells rink to victory in the Grand Challenge Event of the 13th Annual Drayton Valley Open Bonspiel held last weekend.

The Fiveland team defeated the Jack McCoy rink in the final game Sunday evening. Victory came with a three count in the eighth end to put the game out of reach for the Edmonton rink.

Sunday evening's victory for the local rink came on the heels of a tough afternoon session with Normie Rose's Sedgewick rink. Tied up coming home, Fiveland outdrew Rose with extra rocks to make it 6-5 and advance to the finals.

Other members of the Marshall-Wells rink were Bert Telford, third, Ron McCartney, 2nd and Rick Bright, lead.

Sixty-four rinks took part in the 'spiel that got underway Wednesday evening. A total of 105 entries were received and there appears to be a good possibility that future open bonspiels may be expanded by making use of the ice surface in the Centennial Arena.

Winners of other events were: 2nd Event, Drayton Valley Hotel Trophy, Roger Comeau rink; 3rd Event, MacCalder Construction Trophy, Bill Keeley rink; 4th Event, Redwell Servicing Trophy, Allen Young rink; 5th Event, Rose's Well Service Trophy, Hubert Hartt rink; 6th Event, Janzen's Auto Body Trophy, Hill Innis rink; Local Aggregate, Northwestern Utilities Trophy, Marshall-Wells rink; Visitor's Aggregate, D.V. Ford-Mercury Trophy, Jack McCoy rink; Draw for big end (over five) was won by John MacKenzie, Sr.

Members of the Marshall-Wells rink who won the Grand Challenge Event in last weekend's open bonspiel are shown here receiving the Pembina Pipeline Trophy from Mr. Howard Cathrea. Members of the rink, from left to right are, Bill Fiveland, Skip; Bert Telford, Third; Ron McCartney, Second and Rick Bright, Lead.

Business Course Starts in April

Plans have been completed for a Business Development Course scheduled to start on April 16th. The course had been planned for February 14th and 15th but a lack of applications forced cancellation.

The class requires an enrolment of 15, and not more than 25 will be accepted. It will be made up of 10 sessions on Thursday, April 16th followed by weekend sessions on April 25 and 26 and May 10th.

The course will be arranged and promoted by business training supervisors of the Division of Vocational Education, Alberta Department of Education, in conjunction with financial assistance from the Federal Department of Manpower. It will be sponsored by the Drayton Valley and District Chamber of Commerce.

At a recent meeting of the Chamber of Commerce Mr. Don Vanstone, Drayton Valley Industrial Development Co-ordinator, expressed regret at the lack of interest that forced cancellation of the course planned for February. At that time he noted that the course would have entailed a good look at the community and would help determine future growth and progress.

Business development is designed to help citizens of growing communities deal effectively with development problems and has been receiving special emphasis in recent months by the Vocational Education Division of the Alberta Department of Education. Communities where it has, or is being held, are Camrose, Athabasca, Whitecourt, Blairmore, Peace River, Grande Prairie, Hinton, Edson, Drumheller, Hanna, Medicine Hat and Lethbridge.

Areas to be covered by the course include: an outline of the methods used in a business development program; how to take a realistic look at a community;

MEETING NOTICES

Regular monthly meeting of the Drayton Valley F.U.A. local will be held on Wednesday, March 11th at 8:00 p.m. in the Town Hall.

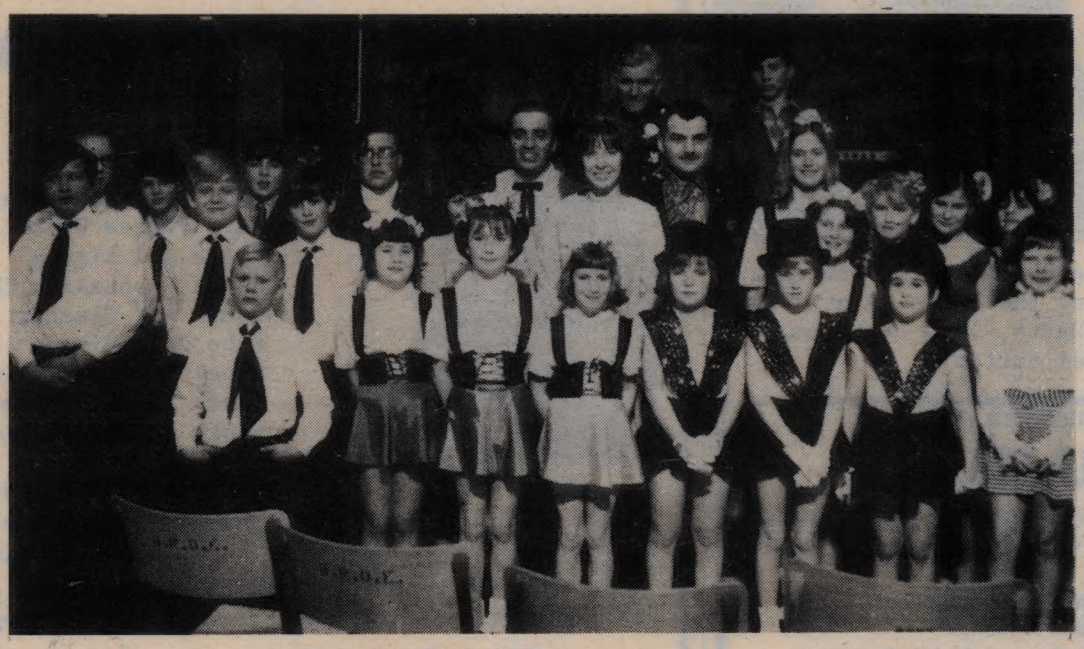
A regular general meeting of the Drayton Valley and District Chamber of Commerce will be held at noon on Thursday, March 5th in Dave's Cafe.

NO PROVINCIAL BUILDING HERE

In a letter dated February 16th, Minister of Public Works A. W. Ludwig removed the possibility of the construction of a Provincial Building in Drayton Valley in the near future.

Mr. Ludwig stated that there appears to be no present need for an increase in provincial accommodations in Drayton Valley and no extension is planned.

The possibility of a Provincial Building was raised last fall and a Council Committee set up to investigate the potential uses of such a building. Members of the Committee, along with M.L.A. Ralph Jespersen, met the minister early this year and additional information supplied prior to the announcement of February 16th.



Entertain Senior Citizens

The group shown here, adults and youngsters who took part in the Search for Talent program recently, provided musical entertainment for the regular meeting of the Drayton Valley Senior Citizens Club last Thursday evening.

Flowline Creates School Problem

A flowline that crosses the area set aside on the Beckett property on the east side of town, is temporarily holding up registration of the proposed new high school site.

At its regular meeting Thursday afternoon, Town Council discussed the problem and decided that because of the advantages of the school site, consideration should be given to relocating the line if a new school is approved for the town.

Mobile Oil, owner of the line, has estimated the cost of relocation at $3,400 and it has been suggested that the cost to the town would be one half, or $1700. The site is favored for school construction by a saving in land costs over other suggested areas and because of its even sloping terrain.

The fate of the proposed new high school, as opposed to an addition to Frank Maddock High favored by the School Building Board, is still in the hands of the Minister of Education.

His decision is expected shortly and Town Council decided to await the announcement before proceeding with plans to relocate the flowline.

BENSON'S BUDGET BRIAR

Report from the Legislature

By TONY COX

The Social Credit government intends to inaugurate a program of welfare housing, in conjunction with the Social Development department to enable the newly-created Alberta Housing Corporation to obtain housing units for those families on assistance who are presently living in sub-standard and high cost housing units.

Municipal Affairs Minister F. C. Colborne, in releasing details of the housing program, said every priority must be given towards the development of public housing for low income families.

To help lower the high cost of housing, Mr. Colborne said the government is proposing to initiate more land assembly projects and amend by-laws, zoning regulations, restrictions and unnecessary administrative red tape.

The driver demerit system becomes law in Alberta April 1, after amendments to the Highway Traffic Act received quick approval. Under the system, 15 demerit points means a suspended license. Erring drivers can expect a warning after they have built up eight demerit points.

The demerit points vary from seven for failing to remain at the scene of an accident and driving on the wrong side of the road to three points for improper turns and passing and speeding if it is not more than 20 mph above the posted limit.

Amendments to the Motor Vehicle Accident Claims Act provide that a driver who produces a pink card to show financial responsibility when the vehicle is not insured, could be fined $500.

And a driver who registers a vehicle as insured when it is not, will be liable to a maximum fine of $500 or 30 days in jail or both.

Property owners throughout the province will save $19- million over the next three years because of new regulations governing supplementary requisitions by local school boards. Education Minister Robert Clark hopes municipalities will pass along all these savings to the ratepayers.

Dave Russell (PC-Calgary Victoria Park) wants the government to consider removing education tax paid by property owners 65 years of age and over, a system of rental premium assistance for fixed income pensioners needing extra government aid and an accelerated construction program for senior citizen and nursing homes.

Hard-pressed taxpayers will be pleased to learn that provincial estate tax rebates will not be considered as taxable income by Ottawa. These assurances came from Provincial Treasurer, A. O. Aalborg.

The province has dropped plans to introduce a legislative amendment which would give police unlimited search powers involving hallucinogenic drugs. Police apparently changed their mind regarding the need for authority to enter homes in the search for such drugs as LSD, mescaline and speed.

Tory leader, Peter Lougheed indicated he would file a formal motion calling on the Legislature to condemn Ottawa's white paper on tax reform. Mr. Lougheed is opposed to the elimination of the lower tax rate on small businesses, easing of natural resources development incentives and the indtroduction of capital gains tax to name just a few.

Grazing lease royalties on crown-owned land will be reduced 50 percent for a one year period. The move will allow time for a special study to be conducted into the inequities of grassland assessment.

Ranchers using crown grazing lands were hit January 1st with municipal tax assessments in addition to the usual royalties.

The annual report of the Social Development Department revealed that more than one-third of the 3,683 illigitimate children born in Alberta during the fiscal year 1968-69, were surrendered for adoption.

Average age of the unmaried mother was 22 with largest single age group ranging from 15 to 18 years.

Provincial Secretary Ambrose Holowach levelled a stinging attack against the immorality and perversion of today's movies. To back up his claim of more pornographic and anti-social films, there was a 74 percent increase in the number of restricted adult movies last year while movies not suitable for children jumped by 25 percent.

Editorial Comment

The Angry Society

Finance Minister Edgar J. Benson has touched off a hornets' nest with his white paper on taxation. A large part of the population is worked up and screaming but Mr. Benson appears to be taking all the criticism very calmy. According to a recent news report from Ottawa, his theory is to let taxpayers get worked up and study the report -- then perhaps the bugs can be ironed out.

If a considerable portion of what we hear and read is true, there are lots of bugs to be removed. The Canadian Council for Fair Taxation is certainly agitated on the subject and in Volume I of its "Guardian" newspaper the council describes its fight to "prevent the continuing punitive level of taxation in Canada".

Across the country it seems that many, many people are asking, "what in the world is Ottawa trying to do?" Is it the Liberal plan to remove the small businessman from the scene? And if so, for what purpose?

Mr. Trudeau swept into power on a wave of public enthusiasm and a promise of a "just society". The "just society" is no longer popular with P.E.T. and it's possible that Liberals will go to the polls facing an "angry society" in the next election unless the white paper undergoes a great deal of refining.

Town Seeks New Site for Disposal Area

Relocation of the town's nuisance grounds was among subjects discussed at last Thursday's meeting of Town Council.

The present disposal ground just north of town, will only last about another year before it is filled completely. The present location is also considered unsatisfactory because of its proximity to Highway 57 and the smoke and odor problem.

Council is considering several sites that consist of swampy or unsuitable agricultural land located close to the community.

Five Generations

Five generations of the Landers family are shown in this photo taken recently at the Glenrose Hospital where Mrs. A. (Granny) Landers is hospitalized. Standing beside Mrs. Landers' bed are, left to right, Mrs. Clifford Allen, Mrs Raymond Hutchinson and Mrs. Vernon Beckett. The baby is Richard James Hutchinson. All are from the Violet Grove area.

That's a Few Cows!

A lot of animals move through Sekura Auctions every week -- but not quite as many as was stated in last week's issue of The Western Review.

In our report of the Chamber meeting we noted a big increase over last year, but the statistics should have been in terms of dollar volume, not head of livestock.

In 1968 the mart handled three quarters of a million dollars worth of animals and increased the total to one and a half million in 1969

SUB-MITS
FROM THE ELEMENTARY SCHOOL

Beginning this week on Channel 11 is the spring program schedule of Educational Television broadcasting in Alberta. Programs specially suited for school purposes are broadcast every school day from 9:00 to 3:00. Special evening programs for teachers and parents are on from 7:00 to 9:00.

Programs of every type and interest are available -- Art, Language, Health, Science, Literature, French, Enterprise, Social Studies, Physics, etc. They are geared from Primary to the High School level.

The same program will be broadcast several times during the week to facilitate fitting it into the teacher's timetable. For example, the Primary Program, "Sing Children Sing" will be seen Monday at 9:45, Wednesday at 1:40 and Friday at 11:05. A Science Program for grades 5 and 6 will be shown Monday at 1:55, Tuesday at 11:20 and Thursday at 11:45.

From the schedule we have, the programs appear very good for classroom use. However, we have only one TV set in the school and it can be viewed in the gym only--which is heavily booked with gym classes. It remains to be seen of how much benefit it will be to our school. Also we are on the fringes of the broadcast area so our reception may not be good.

If you watch any of these broad casts you will hear the term MEETA which means Metropolitan Edmonton Educational Television Association. This is supported by the Department of Education paying ½ of the operating budget, the University of Alberta 1/6 and the final 1/3 by the Edmonton Public School Board and Edmonton Separate School Board, Edmonton's share amounts to about $1.58 per pupil this year. Our county fits in there too, but I'm not sure just to what extent.

****

Joke of the Week:

Mrs. Hammerlindl: "Now class Regina belongs down here in Saskatchewan. It is the capital city and who knows what else it is famous for?

Pupil: "It's where all the wind blows. That's where they test out all those detergents.

Sincerely,
Olga Brown.

World Day of Prayer Friday

The World Day of Prayer will be held this year on Friday, March 6th. The theme is "Take Courage". It was chosen and developed by a group of five women who live as far away as Egypt, Guyana, India, and the Phillipines and as close by as the United States of America.

In our Community the World Day of Prayer Services will be held in the Baptist Church at 8:00 p.m. under the convenorship of women from each of the churches. Women from almost all Christian groups will participate. These include Church of God, Pentecostal, United, Anglican, Roman Catholic and Baptist.

The Day of Prayer began in Canada in 1895 - but union with the World Day of Prayer came in 1921 when the offerings were less than $400. Last year the total was $96,842 and with needs growing world-wide the 1970 gifts to finance the publication a and distribution of Christian Literature, refugee work and famine relief, should increase.

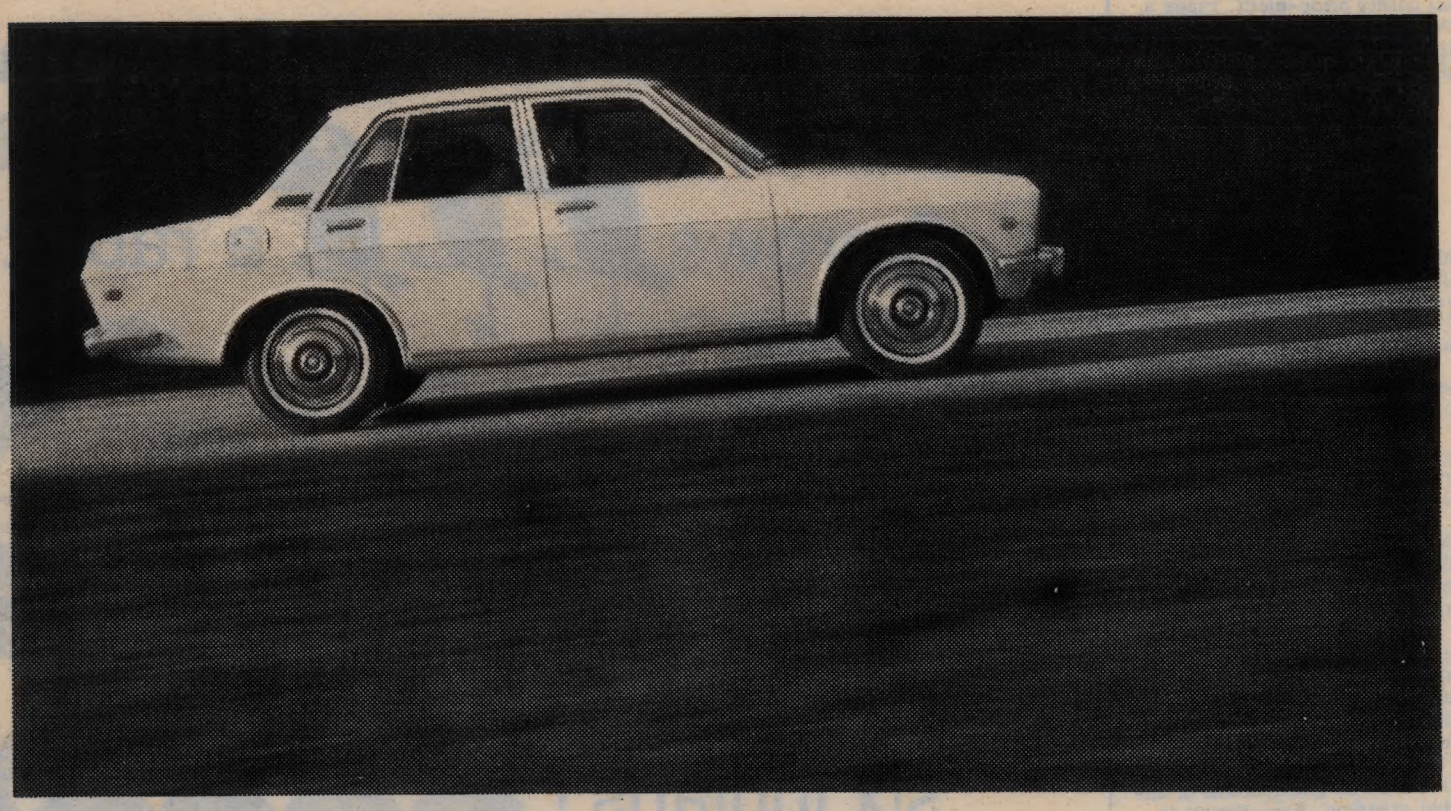
Datsun 1600 automatic gives you everything you want. Just put your foot down.



There's only one way to handle the Datsun 1600 automatic.
Briskly.

When you want to pass on the freeway, just swing out, tramp on the gas and your Datsun will jump to it.

You see, the Datsun 1600 is not like most small automatics. Small cars generally don't have the engine capacity to handle an automatic transmission properly. And most of them only have a 2-speed transmission, so you don't get any pick-up at all.

What you do get is a gutless wonder.

Datsun 1600 is different.
It's got guts. 96 hp, and one of the best power/weight ratios in its class. A silky three (count 'em, three) speed Borg-Warner transmission. 100 mph performance. Datsun 1600 has poke.

And with all that poke you get contoured bucket seats, front discs, all independent suspension, choice of two doors, four doors or a wagon . . . all the extras, all the luxuries and all the performance of the standard Datsun 1600.

Just no gearshift. If you like a gearshift, you can get one for about $200 less than the automatic option. But if you don't, put your foot down and demand a Datsun 1600 automatic.
And then you can really put your foot down.

Test-drive a Datsun at any of the 200 dealers in Canada.

Stony Eagles Eliminate Rebs

The door closed quickly for the Drayton Valley Rebels on the trail of the Provincial Int. "C" title on Sunday before the largest crown of the season (474). They were beaten 10-4 by the Stony Plain Eagles and this added to the 5-2 defeat in Stony Plain gave the Eagles at 15-6 two game total series. Although badly outscored, the play was very even, but as has been the case since the beginning of 1970 the Rebels were unable to score on their chances.

Exhibition games are forthcoming with the first on Thursday March 5th at 8:30 p.m. against the U of A Grads. This is a return game as the U of A Grads edged the Rebels 4-1 last month. Possible games in the future are against the Ponoka Jr. Stamps, and Edmonton Movers of the Alberta Junior League.

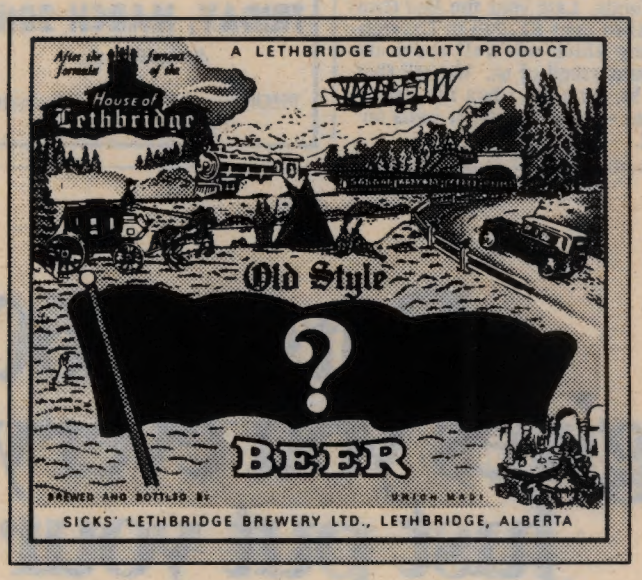
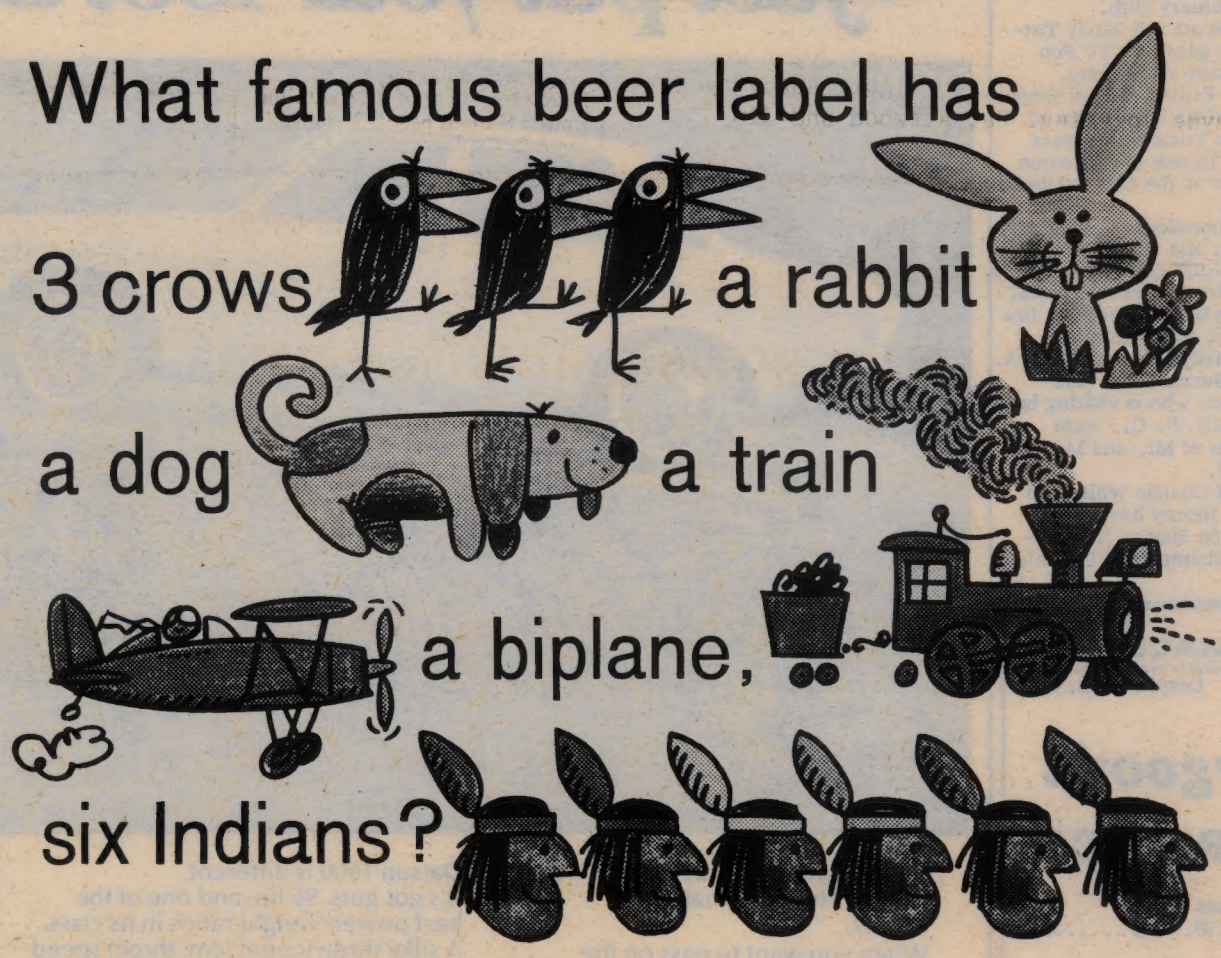
O. W. SCHUSTER, Secretary-Treasurer
County of Parkland No. 31





For years, we've been providing a beautiful mural, suitable for refrigerating, with every bottle of beer. It's a thing of beauty, all right, but we'll have to be honest about it. The label's just a front. The real masterpiece is inside the bottle. And it's traditional. Beer brewed slowly and naturally in the good old-fashioned way. We don't know much about art, but we know what you like.
